HIGHWAY PRODUCTS, USA'S LEADING ALUMINUM MANUFACTURER OF PREMIUM WORK TRUCK STORAGE SOLUTIONS AND TRUCK ACCESSORIES. DESIGNED FOR YOUR BOTTOM LINE.

MADE IN USA

WARRANTY LIFETIME WARRANTY

A NOTE FROM GENE Founder of Highway Products Inc.

Highway Products Inc. has been serving Fleets, Tradesmen, and Truck Enthusiasts since 1980. We take great pride in the reputation that we have earned over the last four decades for outstanding product innovation, craftmanship and customer service.

HPI is proud to offer a lifetime warranty on all its products. We warrant to the original purchaser that their product is free from defects in material and workmanship. The warranty also covers locking mechanisms, hinges, gas props, and weather stripping. We provide free technical support and will replace lost keys.

THE HIGHWAY PRODUCTS STORY

Highway Products, Inc. has been building high quality truck accessories since 1980. We are a family owned company based in Southern Oregon. Our dedicated craftmen design and build our products in our state-of-the-art manufacturing facility. World class craftmanship and customer service are at the core of our business.

PICKUP PACK

MID-PROFILE COMMERCIAL BED COVER

PICKUP PACK: THE MID-PROFILE COMMERCIAL BED COVER

The Pickup Pack is the industry-first mid-profile commercial bed cover system engineered for professionals who demand organized, secure, and weather-resistant mobile storage without sacrificing rear visibility or ease of access.

More security. Better visibility. Less chaos.
The Pickup Pack eliminates the trade-off between a secure truck cap and an open, accessible bed.

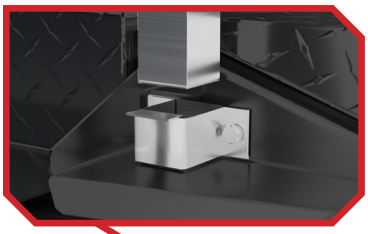

Heavy-gauge aluminum construction, multi-point locking, and weatherproof storage protect your investment, while the midprofile design keeps driver visibility clear and the system easy to work with at every stop, every day, on every jobsite.

Product Highlights:

- Secure, weatherproof side boxes.
- Mid-profile height maintains rear visibility.
- Multi-point security locking system.
- Heavy-gauge aluminum.
- A fully configurable system built around your workflow.

TRUCKSLIDE: THE HEAVY DUTY SLIDING TRUCK BED CARGO SYSTEM

The TruckSlide is Highway Products' heavy-duty sliding bed platform system. Engineered for professionals and truck owners who need ***safer access, faster loading, and organized*** cargo management without climbing into the bed.

The TruckSlide is designed to bring the contents of the truck bed out to the user instead of forcing awkward reaching, bending, or crawling.

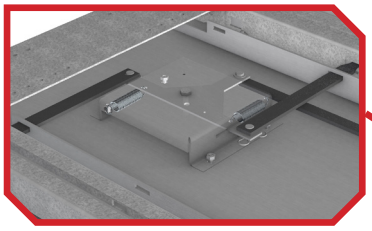

Across the XT lineup, the system is built around ***all-metal construction with no plastics, wood, composites***, or cables, giving users a more durable long-term solution for jobsite equipment, materials, tools, and heavy cargo.

Available in three standard capacities:

- XT1200
- XT2000
- XT4000

The TruckSlide is designed to serve all applications, from everyday use to heavy duty commercial jobs.

SURVEYOR PACK

WHEN YOU NEED MORE ORGANIZATIONAL CAPACITY

DURABLE ORGANIZER TRAY WITH TOP LAYER FOR GRAB-AND-GO

SIDE / REBAR BOX FOR LONGER ITEMS

ALL METAL CONSTRUCTION

NARROW FOOTPRINT

SURVEYOR PACK: EASY ORGANIZATION, BUILT FOR LONG TOOLS

Narrow-Format TruckSlide with Side Storage Compatibility

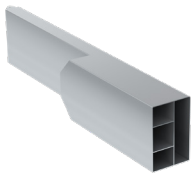

Built on the proven Highway Products TruckSlide platform, this narrow-format slide is engineered for pros who need slide-out access without giving up the bed space required for side rebar/storage boxes.

Instead of forcing an "either/or" choice between a bed slide and side storage, this configuration creates a cleaner, faster workflow: long items and storage live on the sides, while your daily gear stays reachable on the slide or organizer tray.

Product Highlights:

- Narrow slide footprint preserves space for side rebar/storage boxes
- Top organizer for fast-access tools, parts, and field gear
- Designed for organized trades: survey, utility, contractor, service, and fleet use

SIDE STORAGE

ORGANIZER TRAY

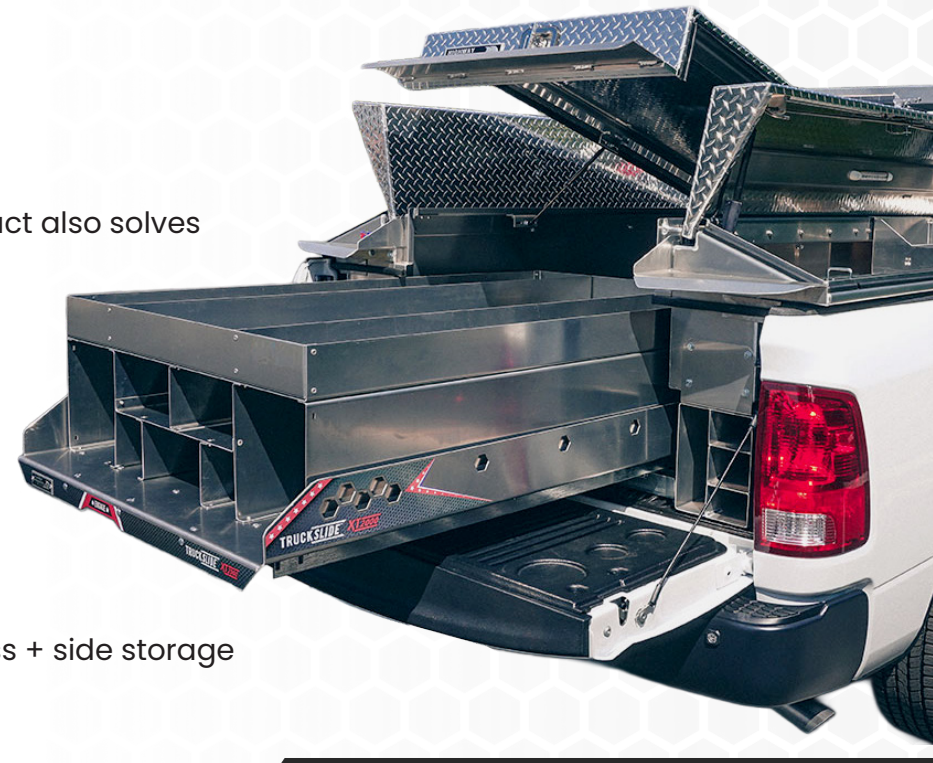

SURVEYOR TRUCKSLIDE

Useful beyond surveyors

Surveyors are a natural fit, but this product also solves real problems for:

- Electricians
- Plumbers
- HVAC techs
- Utility crews
- Telecom installers
- Municipal/public works crews
- General contractors
- Mobile service technicians

Anyone who needs organized tool access + side storage capacity can use it.

TOOLBOXES: HARDWORKING STORAGE. HEAD-TURNING STYLE.

Truck Storage with Strength and Style

Highway Products tool boxes are built for customers who use their trucks hard and need storage they can rely on every day. Our tool boxes are designed to keep tools, gear, and jobsite essentials secure, dry, and organized while adding a clean, professional look to the truck. With styles including Gullwing, Low Profile, 5th Wheel, High Side, Low Side, Single Lid, and Partner boxes, we offer solutions for a wide range of trucks and working needs.

What sets our tool boxes apart is the way we combine heavy-duty aluminum construction with good looks and style. These are not flimsy boxes. Our boxes are welded in USA to provide weather-resistant protection, secure locking hardware, and designs that make access easier in real working conditions.

Whether you need improved rear visibility, better side access, or dependable storage that holds up over time, Highway Products builds tool boxes that are made to work.

Product Highlights:

- Heavy-duty aluminum
- Rust-resistant build
- Weather-resistant storage
- Welded construction
- Secure locking system
- Easy tool access
- Low-profile options
- 5th-wheel options
- Unique custom look

UNIQUE HPI COMBO: 5TH WHEEL BOX WITH PARTNER BOX

UNDERBODY BOXES

LONG-HAUL STORAGE DONE RIGHT
THE MILLION MILE BOXES BY HIGHWAY PRODUCTS INC.

UNDERBODY BOXES: STORAGE THAT GOES THE DISTANCE

American-Made Storage That Lasts

Highway Products underbody boxes are built for drivers and fleets that need dependable storage day after day, mile after mile. Whether the job calls for tools, gear, or daily essentials, these boxes deliver secure, hard-working storage designed to handle rough roads and real trucking conditions.

Highway Products offers Drop Door, Double Door, Step Semi Box, and Side Open Box styles, giving customers the right access and layout for the way they work.

You will never see bungies holding together an a HPI. Thanks to ¼" stainless steel hinges, with 3/8" knuckle secured by torx screws, and stainless T-handles with 3/8" spring loaded locking rods.

When the road is hard on equipment, Highway Products underbody boxes are built to stay tough, stay useful, and keep working for the long run.

Product Highlights:

- Multiple box styles
- Drop door options
- Double door options
- Step box design
- Side-open access
- Built to last
- Secure storage space

HEADACHE RACKS

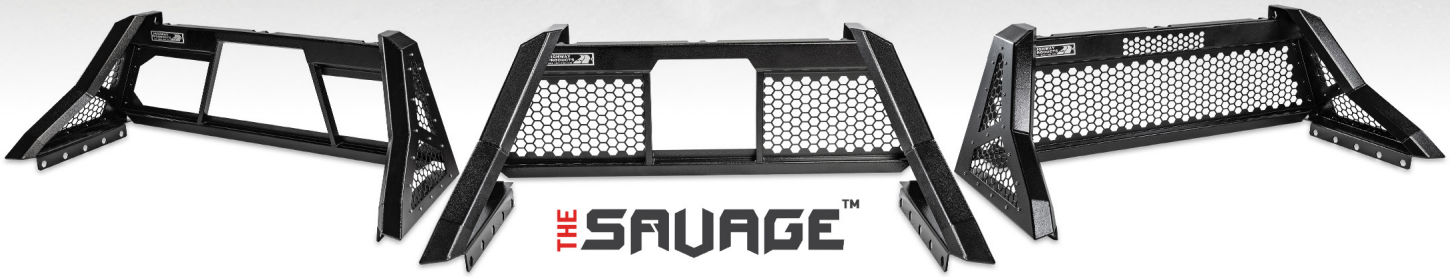

UNIQUE DESIGNS AND UNMATCHED STRENGTH

THE HONEYCOMB™

THE GUARDIAN™

THE SAVAGE™

HEADACHE RACK: TRUCK PROTECTION HIGHWAY PRODUCTS STYLE

Rear Window Protection Without Compromise

What sets the Highway Products line apart is the balance of style, function, and long-term durability. Highway Products headache racks are built for truck owners who want more than a generic back rack.

With three distinct aluminum styles: Honeycomb, Guardian, and Savage. This lineup delivers real rear-window protection while giving customers the ability to tailor the look of their truck with different finishes, grille layouts, post configurations, and optional lighting.

The Honeycomb available in both black and polished finish, while Guardian and Savage emphasize a more aggressive look.

HIghway Products headache racks all have third brake light clearance, and jobsite-ready performance backed by a lifetime guarantee.

Product Highlights:

- Three distinct rack styles
- Multiple grille designs and post configurations
- Optional LED load lights
- Rear window protection
- Third brake light clearance
- Heavy-duty aluminum
- Rust-resistant construction

BED RAILS

TIE-DOWN STRENGTH WITH BEST IN CLASS STYLE

BEDRAILS SHOWN WITH HEADACHE RACK AND TOOLBOXE

BED RAILS: BUILT TO TIE DOWN AND STAND OUT

Aggressive Style. Everyday Function.

Highway Products truck bed rails add more than just looks to a truck. They give customers aggressive styling, dependable tie-down points, and a clean way to add more function to the bed without cluttering the truck.

Whether installed on their own or paired with other Highway Products accessories, these bed rails bring practical everyday use with a finished custom look.

What makes our bed rails stand out is the way they are built. Each set is made from a single piece of heavy-duty 1/4-inch aluminum for exceptional strength and long-term durability in harsh conditions.

Hex punch tie-down points run along the rails to keep secure anchor points within easy reach, and the design works with select Highway Products headache racks and tool boxes to help complete the build.

Product Highlights:

- Versatile tie-down points
- Aggressive styling
- One-piece construction
- 1/4-inch aluminum
- Rust-free aluminum
- Hex punch tie-downs
- Headache rack compatible
- Toolbox compatible

UTILITY DECK

INDUSTRY'S FIRST LOAD BEARING COMMERCIAL BED COVER

NO-DRILL INSTALL

REGISTERED PROFESSIONAL ENGINEER 95948 PE OREGON MAR. 10, 2020 ILEX JUSTIN BRANDEBURGER

PE CERTIFICATION

2 HOUR INSTALL

- MORE SECURE STORAGE THAN A SERVICE BODY
- FITS F150 AND HALF TON PICKUPS
- ALL ALUMINUM CONSTRUCTION
- NO TRUCK MODIFICATIONS FOR INSTALL
- 2000lbs DECK LOAD RATING
- LOWER COST THAN AN ALUMINUM SERVICE BODY

UTILITY DECK: BIG WORK-TRUCK FUNCTION. PICKUP SIMPLICITY.

The Ultimate Alternative to a Service Body

Highway Products Utility Deck turns a pickup into a serious work truck without the cost, downtime, or permanent installation of a traditional service body.

With a load-bearing deck, integrated utility boxes, and secure storage below, it gives customers a harder-working setup that still leaves room on top for materials, tools, and equipment. For crews that need more function out of a pickup, the Utility Deck delivers a smarter way to work.

What makes our Utility Deck stand out is how much it gives customers without asking them to give up their truck. It offers over 2.5 times as much secure storage as a long bed single rear wheel service body, installs in about two hours with no drilling, and can be transferred from truck to truck when needs change. Add in the 2,000-pound load-rated deck, double e-track, adjustable shelving, optional drawers, cargo rack, and Truck Slide integration, and the result is a work-ready system built for real productivity.

Product Highlights:

- Load-bearing deck
- Integrated utility boxes
- Secure under-deck storage
- Utility Gate included
- 2-hour no-drill install
- No truck modifications
- Transferable between trucks
- 2,000-lb deck rating
